

KLEEN PARTS 50 Spray Cleaner for all Metals

Description

KLEEN PARTS 50 is a highly active, non-chlorinated powdered detergent specifically formulated for robowashing applications, offering superior cleaning performance in all non-solvent robowashers. This readily dissolvable formula ensures quick and complete dispersion in both hard and soft water types, delivering powerful degreasing and dirt removal while remaining safe on all metals, preventing corrosion or damage during intensive cleaning cycles. Enhanced with anti-scaling agents, Kleen Parts 50 inhibits mineral buildup, maintaining equipment efficiency and extending operational longevity. Beyond robowashing, the versatile composition makes it suitable for general floor cleaning and other industrial maintenance tasks, providing consistent results across diverse applications. Ideal for automotive, manufacturing and maintenance professionals. Kleen Parts 50 combines robust cleaning efficacy with user friendly safety, ensuring pristine parts and surfaces without the risks associated with harsher chemicals.

Features & Benefits

- Highly active
- Non chlorinated
- Contains anti scaling agents
- Safe on all metals
- Low foam

For Use On

All non solvent robowashers

Directions for Use

1 - 3kg per 100L of water in a spray washer basin
at 60°C - 90°C

Technical Information

Appearance: White Powder
Odour: None
Solubility in Water: Soluble

Available Sizes: 10kg | 20kg
pH: (5% in water) 10 - 11 (Alkaline)
Specific Gravity: N/A

Safety

Keep out of reach of children. Avoid contact with eyes.
